August 12, 2020

Dear Patients:

It is with deep regret and sadness as well as a swollen heart that I have to announce my immediate retirement. I had not intended to retire at this time and I know that I have told many of you that I had no plans for retirement (and that was true), but due to multiple personal circumstances I have had to make this decision.

Words cannot express the emotions in my heart as I know that I will never see many of you again. It has been a great privilege for me to know you and to have had the opportunity to care for you as your doctor. I will be forever blessed for having had this privilege.

I will miss all of you deeply and you will always be in my heart. It has been hard for me to leave so abruptly, but I have come to the realization that whether it be now or 10 years from now, I would have the same difficulty in leaving you all.

I know that God has other things for me to do at this time in my life.

Love With All of My Heart,

Dr. Farley
